<b>D. BACKGROUND AND EXPERIENCE</b>	
Please briefly present the partner organisation.	<p>Gymnasium Dr. Josef Pekaře is a public school founded by the Central Bohemian Region and is located in a beautiful historical building in the city centre of a town called Mladá Boleslav, the town where SKODA cars are made. Situated about 50 km from the capital city Prague and about 70 km from the Giant mountains it lies in perfect reach to the airport. The main mission of the school is preparation of students to study at universities of all types. The focus of the school is general, in the last two years pupils can profile according to their future focus through optional subjects. The eight-year course is intended for pupils who have completed the fifth year of primary school, four-year for primary school graduates. The priority is still the preparation of students for university studies. Our absolvent is an open-minded individual, reacts to changes in society, in the field of science and technology, accepts moral, aesthetic and social stimuli, oriented towards the conscious creation of a healthy lifestyle. Our absolvent is a personality with a conscious value system, a person who feels a sense of belonging to society and the environment in which he/she lives ready to further develop personally and educationally.</p> <p>In first and second years of studies students can choose to grow and develop their skills either in music or art. In art the outcomes are usually paintings which are later displayed in school corridors as well as students carry out an open art exhibition for their peers, teachers and public. Our after school activities involve a school choir called Lyra, students parliament, drama club, history club, art club, creating a school magazine club, 3D print club, all sorts of sport club, DofE expedition club and volunteering. Our long partner schools are: a partner school of Gymnasium in Mannheim, Germany, and Gymnazium Pezinok, Slovakia. Our students regularly participate in regional/republic competitions in fields of: languages, mathematics, physics, biology, chemistry, science, geography, P.E. and many more.</p> <p>Twice a year the school opens to the public in autumn and spring to welcome new potential students as well as students perform at the Academy to present their skills in music, drama, P.E., languages and art. Our students in their last year of their studies take part in proms, usually held late winter, early spring.</p> <p>Languages taught : English, German, French, Spanish, Latin.</p>
